MINUTES

CALL TO ORDER:

Authority Board Chairman Durst called the Joint Reservoir Committee and Authority Board meeting of December 18, 2020 to order at the hour of 9:00 a.m., followed by the Pledge of Allegiance.

Counsel Kuney provided a brief explanation on how the Joint meeting would be conducted.

ROLL CALL/ATTENDANCE:

Authority Board Chairman Durst stated the Board Clerk would conduct Roll Call starting with the Reservoir Committee. He also welcomed the new participants Rosedale-Rio Bravo WSD and Irvine Ranch WD.

Roll of the Reservoir Committee was called (Attachment A), which resulted in 19 eligible representatives. This equated to 82.1% of the current participation percentage being in attendance, which is greater than the 50% needed to have a quorum of the Reservoir Committee. By 9:35 a.m. 1 additional member was seated bringing the total participation percentage to 89.53%.

Roll of the Authority Board members was called (Attachment B) and there was a quorum present.

INTRODUCTIONS:

The Sites Staff, Consultants and members of the public introduced themselves.

AGENDA APPROVAL:

It was moved by Davis, seconded by Houdesheldt to approve the December 18, 2020 Joint Authority Board and Reservoir Committee Meeting Agenda. Motion carried unanimously.

ANNOUNCEMENT OF CLOSED SESSION:

Counsel Kuney announced the Authority Board and the Reservoir Committee would consider a Closed Session matter as follows:

5. Closed Session:

5.1 Conference with Real Property Negotiators (Govt. Code §§54956.8)

Property: Glenn Colusa Irrigation District Canal, Tehama Colusa Canal rights of way and associated conveyance facilities.

Agency Negotiator: Jerry Brown, Kevin Spesert, JP Robinette; Negotiating parties: Glenn-Colusa Irrigation District, Tehama Colusa Canal Authority and Bureau of Reclamation.

Under Negotiation: Price and terms of payment for facilities lease/common use agreement.

PERIOD FOR PUBLIC COMMENT:

Authority Board Chairman Durst called for public comment. Hearing none, he closed the period for public comment.

1. Consent Agenda:

Reservoir Committee Chairman Bettner made time to consider Consent Agenda Item Numbers 1.1 through 1.5, except for 1.2 the November 23, 2020 Authority Board Meeting Minutes as follows:

1.1 Consider Approval of the November 19, 2020 Reservoir Committee Meeting Minutes. **(Attachments A & B)**

1.2 Consider Approval of the November 23, 2020 Authority Board Meeting Minutes. **(Attachment A)**

1.3 Consider Acceptance of the Sites Project Authority Treasurer’s Report. **(Attachment A)**

1.4 Consider Approval of the Payment of Claims. **(Attachments A, B & C)**

1.5 Consider a recommendation to the Sites Project Authority Board to approve Fechter and Company, CPA, to conduct the Joint Powers Authority’s 2020 Fiscal Audit through an amendment to their current approved agreement in the amount of \$12,142, plus expenses up to \$500, which increases the total contract authority to \$58,254.

Mr. Davis requested Consent Agenda Item 1.3, Acceptance of the Sites Project Authority Treasurer’s Report be considered as a separate item. Reservoir Committee Chairman Bettner so directed.

Action/Reservoir Committee:

It was moved by Murphy, seconded by Vanderwaal to approve Consent Agenda Item Numbers 1.1, 1.4 and 1.5, except for Item Numbers 1.2 Authority Board Minutes of the November 23, 2020 Meeting and 1.3, Sites Project Authority Treasurer’s Report. Motion carried unanimously.

Reservoir Committee Chairman Bettner made time to consider Consent Agenda Item Number 1.3, Acceptance of the Sites Project Authority Treasurer’s Report.

Mr. Davis requested clarification on some transactions within the Treasurer’s Report regarding DWR funds received and participants who still have outstanding invoices. Brief discussion followed.

- 2.2 Authority Board Chairman Durst made time to consider adoption of the Final 2020 Strategic Plan. **(Attachment A)**

Executive Director Brown provided a brief overview of the 2020 Strategic Plan. He also noted that the Strategic Plan would most likely need to be revisited within the next three years.

Reservoir Committee Chairman Bettner made time for discussion of the Strategic Plan.

Mr. Davis stated on page 5 of the Final 2020 Strategic Plan, under “Priority 4 – Future Work, language in the first sentence of the last paragraph did not make sense and suggested additional language. He also stated in the second sentence the first word was all caps. Brief discussion followed.

Action/Reservoir Committee:

It was moved by Davis, seconded by Tincher to adopt the Final 2020 Strategic Plan. Motion carried unanimously.

9:35 a.m. Mr. Carter of Carter Mutual Water Company is now present.

Action/Authority Board:

It was moved by Director Harris, seconded by Director Sutton to adopt the Final 2020 Strategic Plan. Motion carried: All Directors present voted yes.

3. Discussion and Information Items:

- 3.1 Authority Board Chairman Durst made time for review and comment on option to add Alternative 3 with Reclamation at 25% investment to EIR/EIS project description.

9:51 a.m. Mr. Cheng of Coachella Valley Water District is now present.

Ms. Forsythe provided an overview of an option to add Alternative 3 to the EIR/EIS Project Description and spoke to the following:

Current Project Description Limitations:

- Alternative d1 and 2 include a range of \$0 to \$200 million in Federal investment.
- WIIN Act authorizes up to 25% Federal investment for state-led projects.
 - Federal feasibility report is expected to identify 25% Federal investment.
 - About \$760 million for the project, subject to available funding.
- Challenge – No CEQA or NEPA coverage for Federal investment above \$200 million in current Alternatives 1 and 2.

Potential Solutions:

- Proposed new Alternative 3:
 - Federal investment at 25%.
 - Same physical facilities as Alternative 1.
 - Same diversion criteria as Alternative 1 and 2.
 - Same diversion criteria as Alternative 1 with the potential for increased carryover storage in Shasta Lake as a result of the increased Federal investment.
 - Use of Reclamation’s Sites water in a similar manner to how this water is used in the project’s federal Feasibility Report (i.e., operation flexibility).
- Brackets the range of possibility for federal investment.
- Would not change the Authority’s preferred project (Alternative 1).

Next Steps:

- Complete EIR/EIS Chapter 2, Alternatives.
- Including Alternative 3 and description of proposed operations.
- Return in January with briefing and recommendation to post on Authority’s website.
- Continue ongoing analysis and chapter preparation.

Discussion followed with no action taken.

3.2 Authority Board Chairman Durst made time to consider review and comment on Final Federal Feasibility Report status update.

Executive Director Brown provided an update on the Final Federal Feasibility Report and spoke to the following:

- Press releases.
- Feasibility Report: Noted the Feasibility Report made it out of the OMB review and are expecting a Secretarial Determination letter by month’s end.
- “Right size” project.
- OMB condition: Specificity on what project invested in; what exactly is the project and Federal involvement.

3.3 Authority Board Chairman Durst made time to consider review and comment on Preliminary Operations Analysis and Results.

Ms. Forsythe and Ms. Heydinger provided an overview of the Preliminary Operations Analysis and Results and they spoke to the following:

Operations Modeling Update:

- Last modeling status update in September:
 - Provided overview of refinements and improvements to the model.
- Focus since September update:

- Continued model refinement and running iterations to test model and diversion criteria.
 - Latest iteration is “Iteration 2”.
 - Shasta and Oroville integration.
 - Conveyance through state and federal facilities.
- Baseline development and incorporation (not fully incorporated in Iteration 2, but now complete).
- All analysis to date has been conducted on Alternative 1 (preferred alternative).
- Additional diversion criteria development and analysis.

Diversion Criteria:

- Modeling and fisheries teams performed additional analysis, preliminary project effects.
- Re-evaluation of “Scenario B” included in Value Planning:
 - Travel time of 2 to 7 days from diversion points to Freeport and Delta outflow.
 - Downstream criteria ties Sites to all of Sacramento Valley and Central Valley (NDOI) water management decisions.
 - Likely not operable in real-time and may have unintended impacts to species at the diversion locations.
- Refocus on upstream, Sacramento River based diversion criteria:
 - Taking goals of avoidance and minimization of effects to entire system (including Delta) and translating to upstream criteria that achieve these downstream outcomes.
 - No intent to reduce aquatic protections – seeking equally protective criteria that are implementable day to day.

Preliminary Draft Effects Analysis:

- Preliminary effects analysis of temperature and salmonid survival show limited effects with some possible salmonid survival improvements.
- No significant impacts have been shown with model results to date.
- Additional impacts analysis (reservoir temperature, habitat sustainability) will be conducted as part of Revised Draft EIR/Supplemental Draft EIS.

Modeling Results – Value Planning Comparison:

- Takeaway:
 - Results are within Value Planning uncertainty.

- Averages go down, but not in dry and critically dry years.
- Future realized values will depend on the way you use your storage.

Preliminary Results – Value Planning Comparison:

- Caveats:
 - Assumes capital costs from Value Planning.
 - Will be able to better assess costs and assist members in optimizing performance after moving to storage-based participation.

Next Steps:

- Incorporate refined criteria for pulse protections.
- Run full analysis for EIR/EIS with all alternatives.
- Complete early January 2021.
- Run analysis for CWC Feasibility Study.
- Preferred alternative only.
- 2030 and 2070 climate conditions.
- Storage Policy and Storage-Based Participation.

Discussion followed with no action taken.
