

Meeting: Authority Board Agenda Item 1.4

Subject: Third Quarter 2022 Financial Report

Requested Action:

Consider acceptance of the Sites Project Authority's Q3 2022 Budget Year Quarterly Financial Report.

Detailed Description/Background:

This report covers the Q3 2022 budget year quarterly financial report that meets the Authority's Budget Policy requirement for a quarterly financial update report to the Reservoir Committee and Authority Board.

Attachment A is the Authority's Third Quarterly 2022 Financial Report.

Key takeaways of this report include:

- Revenues received in Q3 2022 were approximately \$2.2M less than plan. This was primarily due to a reduction in actual year-to-date expenses affecting state and federal reimbursements to be received in Q3 of 2022.
- Expenses in Q3 2022 were approximately \$4.5M less than plan. This is primarily due to scheduled activities being pushed further into the work plan. The most significant scheduled work being delayed to later in the work plan is engineering and Geotech 2022 activities but also includes activities related to the final EIR/EIS and Water Right. Actual expenses through Q3 2022 show current expenses \$15.5M below planned expenses. This represents work that still needs to be done but will not occur until later in the work period due to changing conditions.
- There were ten instances of allocating unrestricted contingency funds this period withdrawing from the Permitting, Engineering, Planning and Program Operation subject areas totaling \$940,541. The unrestricted contingency balance at the end of Q3 is approximately \$3.04M. Staff is allocating contingency to supplement budget for new work scope.
- There were no new contracts issued during this period. There were five consultant task order amendments and one County of Colusa contract amendment that were issued that required the use of unrestricted contingency funds. Finally, there were five consultant task orders with no budget change amendments (i.e., only reallocating task budgets within the approved task order budget).

Prior Authority Board Action:

2

August 2022 – Approved the Q2 Quarter 2022 Financial Report.

Fiscal Impact/Funding Source:

No fiscal impact as financial reporting is included in the approved Amendment 3 Work Plan and the total work plan budget is still within 10% of the approved 3-year plan.
