Chief..

Thank you for your comments...I have forwarded them on to our environmental team...

Please feel free to give me a call if you have any questions at (530) 632-4071

Thanks!

Kevin

Subject: Concerns of the Kanawha Fire Protection District

Please note, that until a couple of weeks ago, when the Maxwell fire chief called me, I was unaware that a portion of our district was in the Sites Reservoir plan. At this time, I am unsure of our accessibility to the area- it will more then likely be a cross country endeavor. There will definitely be a delayed response time, due to the distance from our station on County Rd. D.

Unlike Maxwell, we are an all volunteer fire department. The whereabouts and availability of the volunteers makes for varying response times, as opposed to an immediate dispatch from a paid department. Not being able to see into the future, I can only say that we will deal with emergencies to the best of our capabilities.

Respectfully yours, Roger Steinhoff (530-517-0782)

Fire Chief, Kanawha Fire Protection District
1709 County Rd D - Willows, Ca. 95988
