Subject: Draft Sites Reservoir EIR comments

Greetings Rob,

As we discussed, Zone 7 Water Agency (Zone 7) has reviewed the Draft Sites Reservoir Project EIR/EIS in the context of Zone 7's mission to provide water supply, flood protection, and groundwater and stream management within the Livermore-Amador Valley. We have a few comments for your consideration:

1. **Naming consistency, throughout document**, please consistently refer to this agency as “Zone 7 Water Agency”. It is incorrectly stated at Alameda-Zone 7 or Alameda County-Zone 7 in many places.
2. **Page 6-9:** Zone 7 does not rely on the Hetch Hetchy project for water supply. Please let me know if you have any questions.

Thanks,
Amparo
