

Reservoir Committee and Authority Board Meeting

Agenda Item 3.1:
Update on Agreements with Reclamation

July 19, 2024

Operations Agreement – Sites/DWR/Reclamation

- Describes day-to-day coordination and communications protocols and procedures to ensure compliance with the proposed permit term
- Defines the “close coordination” needed to avoid adverse effects to the SWP and CVP during Project diversions, exchanges, and releases
- Parties are meeting at least monthly to complete as soon as possible

Partnership Agreement – Sites/Reclamation

- Intent is for structure and content to follow the B&O Contract to extent Federal regulations allow
- Matching B&O timeline as much as possible for concurrent development of the two agreements
- Will be completed before B&O
