

Meeting: Reservoir Committee & Authority Board Agenda November 15, 2024

Item 1.4

Subject: Third Quarter (Q3) 2024 Financial Report

Requested Action:

Reservoir Committee and Authority Board consider acceptance of the Sites Project Authority's Third Quarter 2024 Budget Year Quarterly Financial Report.

Detailed Description/Background:

This report covers the Q3 2024 budget year quarterly financial report and fulfills the Authority's Budget Policy requirement for quarterly financial update reports to the Reservoir Committee and Authority Board.

Key takeaways of this report include:

- **Revenues** received in Q3 2024 were approximately \$476k above plan. This was due to interest revenue received which was expected but not accounted for in the budget plan as revenue.
- Expenses in Q3 2024 were approximately \$4.7M less than planned. The majority of the reduced expenditures are a result of Authority initiated adjustments in planned Engineering activities. The original expenditure plan included non-critical path Engineering activities such as performing geotechnical investigations that would have informed advancement of engineering analysis towards 60% level of design but have been put on hold to prioritize and fund activities in support of critical path activities. Another significant delay in expenditure is the purchasing of property which was planned for Q1 of 2024 but was delayed due to negotiations taking longer than expected.
- The Authority's **Bank Account Balance** at the end of Q3 was approximately \$34.7M, representing a net decrease of \$7.3 over the reporting period.
- There were five instances of allocating unrestricted contingency funds this period, totaling approximately \$227K. The total remaining FY24 unrestricted contingency balance, cumulative of all subject areas, at the end of Q3 was approximately \$288K. Staff are allocating contingency to supplement budget for new work scope in accordance with the Board's delegation of authority. There continues to be no plans to request cash calls beyond that remaining to be collected in FY25 per the Project Agreement.
