PERIOD FOR PUBLIC COMMENT:

Chair Durst called for a period of public comment.

One speaker, Bruce Ross, introduced himself as a staff member for Senator Megan Dahle, and said he was happy to be representing her office at the meeting.

Hearing no other comments, Chair Durst closed the public comment period.

1. **CONSENT AGENDA:**

ACTION RC: Chair Kunde asked if there were comments on any of the Consent items; Mr. Cheng pulled Item 1.4 and commented the report was well done and easy to understand. He asked about retention within the budget related to Prop 1 funds; Executive Director Jerry Brown and Director Kaplan provided clarification of the close out process and retention amount shown in the budget document. Director Kaplan and ED Brown had a brief discussion about federal funding agreements and the notification of freeze/suspension of funding, noting the funds are now unsuspending. Director Kaplan stressed it is important to track on potential withdrawal of federal contracts and to be prepared to move funds appropriately and efficiently if needed. Following a brief conversation, ED Brown suggested this topic be addressed in the first quarter report.

It was moved by Ms. Pryor, seconded by Chair Kunde, to approve the consent agenda. **Motion carried unanimously.**

ACTION AB: Chair Durst noted he had provided grammar changes to Executive Director Brown related to Item 1.1. It was moved by Director Vanderwaal, seconded by Director Allen, to approve the consent agenda. **Motion carried unanimously.**

- 1.1 Reservoir Committee and Authority Board consider approval of January 17, 2025, Reservoir Committee and Authority Board Meeting Minutes. **(Attachments A & B)**

- 1.3 Reservoir Committee and Authority Board consider approval of the Sites Project Authority Payment of Claims. **(Attachments A & B)**

2. **ACTION ITEMS:**

- 2.1 Reservoir Committee (RC) and Authority Board (AB) 2025 Election of Officers:
 - a) Elect Authority Board Chair, Vice-Chair, Secretary and Treasurer.

- b) Elect Reservoir Committee Chairperson (Chair), Vice-Chair and accept the Authority Board's designation of Treasurer.
- c) Reservoir Committee and Authority Board confirm committee and workgroup designations and participation. **(Attachments A, B & C)**

ACTION AB: It was moved by Director Evans, seconded by Director Allen to approve the entire current slate of the Authority Board for another term. Thus, officers are Fritz Durst as Chair, Jeff Sutton as Vice Chair, Logan Dennis as Secretary and Jamie Traynham as Treasurer. **Motion carried unanimously.**

ACTION RC: Ms. Traynham nominated Mr. Kunde for the office of Committee Chair; Mr. Cheng nominated Mr. Navarrot for Committee Vice Chair. Vice Chair Kunde noted that as part of the motion, the Reservoir Committee accepts the Authority Board's designation of Ms. Traynham as Treasurer. It was moved by Ms. Traynham, seconded by Ms. Murphy to elect the nominated and accept Ms. Traynham as Secretary. **Motion carried unanimously.**

Discussion regarding Item 2.1.C: ED Brown referred to the staff report and pointed out staff have not been able to identify a Chair for the Environmental Planning and Permitting (EPP) Workgroup and recommended that its activities be consolidated into the Operations and Engineering activity. He further noted the Legislation and Outreach subgroup needs more participation, and the Land Management Committee will not likely require much activity. Chair Kunde stated he wished to withhold approval for the Environmental Planning and Permitting Workgroup until there is more discussion about participation.

ACTION RC: It was moved by Ms. Traynham, seconded by Ms. Pryor to approve agenda item 2.1.C., confirmation of designations as stated in the staff report, except for the EPP Workgroup (tabled), and to add Mr. Cheng to the Legislative and Outreach Committee. **Motion carried: All Directors present voted yes.**

ACTION AB: It was moved by Vice Chair Sutton, seconded by Director Kaplan to approve agenda item 2.1.C., confirmation of designations as stated in the staff report, for Coordination Committee, Land Management Committee (to be temporarily inactive), the Legislative and Outreach Committee, and Budget and Finance Committee. **Motion carried: All Directors present voted yes.**

- 2.2 Reservoir Committee and Authority Board consider approval of Resolution 2025-01 authorizing the Executive Director to execute all real property documents necessary to acquire real property from Shirley Jensen, and to take such other actions as are necessary or appropriate to effectuate the close of escrow. **(Attachment A)**

Executive Director Brown stated the item is to authorize the execution of various closing documents related to purchase and escrow of the Jensen Ranch. He reviewed the activities for purchase activities, which are now complete; final execution of the transfer of title is ready. He explained the purchase includes water

rights and an agreement with the current tenant, consistent with the Red Stick grazing lease. ED Brown reviewed the land acreage and showed an image of the property boundaries. He noted the purchase illustrates the success of a willing buyer/willing seller dynamic that is achieved by demonstrating genuine care and appreciation for those in the local community. ED Brown and others expressed gratitude for the Jensen family’s willingness to support the project. In response to a question about the tenant and whether they may be associated with the project, ED Brown stated that there is no association as far as staff know.

ACTION RC: It was moved by Ms. Pryor, seconded by Vice Chair Navarrot to recommend approval of agenda item 2.2 to the Authority Board. **Motion carried unanimously.**

ACTION AB: It was moved by Vice Chair Sutton, seconded by Director Allen to approve agenda item 2.2. **Motion carried: All Directors present voted yes.**

3. **DISCUSSION AND INFORMATION ITEMS:**

- 3.1 Receive an overview of preliminary Project operations modeling results using the recently developed CalSim model platform (commonly referred to as CalSim 3).

ED Brown introduced the item and said there is a new shift in California’s water environment from CalSim model 2 to CalSim 3. Sites’ environmental review had been based on CalSim 2. He said the CalSim 3 model does not necessarily change the project but provides a different way of analyzing it. ED Brown reviewed operations assumptions, including diversion criteria consistent with California Department of Fish and Wildlife Sites Operations Incidental Take Permit, Amendment 3 participation levels.

ED Brown reviewed various assumptions and the variations staff is reviewing. He said the project’s performance is generally the same utilizing the new model, though there is variation because of the model being different. He said that the model results will factor into obtaining biological assessments. Mr. Cheng asked about preliminary results, and ED Brown said that demand patterns were based on CalSim 2. He said the project has operated on a global model of the collective group and users should be looking at it independently, rather than globally, now. Mr. Cheng asked if individual actions would impact others, and ED Brown said they would. There was discussion of maximizing benefits individually and the global impacts of individual actions.

Ms. Maher asked about plans for climate change hydrology within the CalSim 3 model. ED Brown said CalSim 3 does not have a climate change platform, but staff are trying to figure out how to integrate various scenarios into the CalSim 2 baseline model staff have previously used.

4. REPORTS:

4.1 Chairpersons' Reports:

Chair Kunde noted that Mr. Mike Azevedo has left employment with Colusa County, thus vacating his appointment role with the project, and stated Mr. Azevedo has been an excellent advocate and person to work with.

4.2 Committee & Workgroup Chairs' Reports:

Value Planning Subcommittee: Chair Kunde said there have been three meetings of the subcommittee; the focus was on dams and roads, and the design and costs of conveyance.

Finance Subcommittee: Ms. Traynham said there was a meeting of the subcommittee with a focus on the audit.

Governance Committee: ED Brown said the group is active and having continued discussions.

Legislative and Outreach: There is a potential trip planned in the spring in Washington DC, and it's anticipated that tour groups will visit the project in the spring. Vice Chair Sutton said there are some planned legislative tours in the Sacramento Valley and he would like to see the Sites Project included in those.

Land Management: Director Evans pointed out that good communication within the community is very important to future land acquisition efforts.

4.3 Authority Board & Reservoir Committee Participant Reports:

None.

4.4 Executive Director's Reports:

ED Brown reported:

- The Authority signed two Coalition letters. One is related to how Los Vaqueros Reservoir Joint Powers Authority funds could be reallocated; it appears that a decision will be made in March. The other letter advocated for potentially working with other North State agencies covered under the Healthy Rivers and Landscape Program.
- The Project's participant portal now includes a message platform that could be used during the Washington DC visits.
- CMAR Statements of Qualifications are due March 10.

- Staff are considering coordinating a field trip to some of the land that has been purchased, potentially in Redding or Red Bluff. Home Boards may invite their own Board members. The field trip is projected to be on April 17 or 18.
- ED Brown said he hopes to organize a gathering of all participants at the upcoming ACWA conference.
